#### FIJI ARTESIAN

From a sustainable ancient artesian aquifer in Fiji to more than 60 countries across the globe, FIJI Water has been bringing Earth's Finest Water to the world since 1996. Along the way, its philanthropic efforts have focused on improving the lives of the people of Fiji and protecting the unique place they call home. FIJI Water is bottled at the source on the Fijian island of Viti Levu. As it slowly filters through ancient volcanic rock, it gathers the minerals that create its soft, smooth taste. There's nothing on earth quite like it.

#### EVIAN

It's a uniquely sourced spring water that's always refreshing and naturally hydrating, with nothing added for taste or enhanced with extras - so you can reach your natural peak. Evian has a salted taste due to it being very hard water and mineral rich. There are much harder waters on the market, but Evian has a more recognizable taste. Seen that Evian is hard water, it can quickly quench your thirst.
